Education

B.Tech Artificial Intelligence & Machine Learning, SAGE University, Indore | Jun 2024 – Jun 2028 | CGPA: 7.57/10

Technical Skills

Machine Learning: Python, Supervised & Unsupervised Learning, Regression, Classification, Feature Engineering, Model Training & Evaluation, Cross-Validation, Scikit-learn
Deep Learning & NLP: Neural Networks, PyTorch, TensorFlow, Transformers, Transfer Learning, Model Fine-Tuning, NLP, Whisper, Text Embeddings
Generative AI & LLM Engineering: Large Language Models, RAG, Prompt Engineering, LangChain, FAISS, Vector Databases, LLM APIs, AI Agents, Agentic AI, MCP
Data & Backend: NumPy, Pandas, Matplotlib, Seaborn, Flask, FastAPI, REST APIs, SQL, PostgreSQL, SQLite, Git, GitHub
MLOps & Deployment: Hugging Face, Streamlit, AWS, GitHub Actions, Model Deployment, Model & Cloud Deployment

Projects

RAG-Based AI Teaching Assistant — Python, FAISS, Transformers, Whisper, Gradio
Abhedya Chakra — Mule Account Risk Screening — Python, FastAPI, React, Pandas, NumPy, Scikit-learn, Isolation Forest
ClassMate AI — Smart Attendance & Classroom Management — Python, Streamlit, Supabase, dlib, Scikit-learn, NumPy
Insta Manager Bot — Flask, SQLite, Python

Experience & Achievements

VOID HACKS — Hackathon Participant
Participation in a hackathon focused on collaborative problem-solving and building practical solutions.
